surakshitchauhan@gmail.com / +91 9027831645

Summary

Ambitious and adaptable with a bachelor's degree in BTech (CSE) student skilled in Python, React, Next.js, and Tailwind CSS. Experienced in creating responsive and interactive web apps like 3D portfolios and management systems. Quick learner with strong problem-solving and teamwork abilities, passionate about building modern, user-friendly solutions.

Technologies

- **Programming:** Python, Terraform, React, Node.js, Html, CSS.
- **Technologies:** AWS, Linux, Vmware, VS Code, GNS3.
- **Version Control:** Git/Github.

Education

Bachelor's of Technology in Computer Science Engineering DIT UNIVERSITY, DEHRADUN

- CGPA: 7/10
- 2021-2025

Projects

AI Resume Screen

- A modern web application that uses AI to screen and evaluate resumes against job descriptions, providing instant feedback and candidate rankings. git-hub <https://github.com/surakshit-netizen/Resume-screen>
- Tools Used: HTML, CSS, Python, Git/GitHub.

Enterprise AI Resume Screener with Cloud Pipeline

- Architected and automated the entire production environment on AWS using Terraform Infrastructure as Code (IaC), provisioning a secure VPC, a public EC2 application server running a streamlined Streamlit frontend, and a completely isolated private RDS MySQL database to securely store applicant data and evaluation metrics.

Portfolio-site

- A visually engaging 3D portfolio built with highlighting optimized UI performance, sleek animations, responsive design, and featuring a convenient. ->Resume button. A modern and responsive personal portfolio website showcasing skills, projects, and achievements, designed for a clean user experience with smooth navigation and an appealing layout.
- Tools Used: HTML , CSS , TypeScript. <https://github.com/surakshit-netizen/Portfolio-site>

Certifications & Training

Fundamentals of Network Communication (Authorized by [University of Colorado System](#) & offered through Coursera)-

I have developed a comprehensive understanding of Network Planning (Design, Architecture) equipping me with practical skills in Data Integrity, Digital Communications, Routing-Network Protocols, TCP/IP, and OSI Models.

AWS With DevOps (Authorized by DUCAT INDIA)-

Completed a comprehensive 6-8-month technical training program focused on end-to-end cloud infrastructure and deployment automation. Developed a strong foundation in Linux, Python/Bash scripting, and AWS core services. Built practical projects involving automated CI/CD pipelines, container orchestration, and Infrastructure as Code (IaC) utilizing Jenkins, Docker, Kubernetes, Ansible, and Terraform.
